Celebration Plans Near Completion

Committees Work Faithfully to Put Big Event Across

Free Dance on Tennis Courts to Close the Day's Festivities

With several committees working actively, and most of the preliminary work accomplished, the plans for the celebration of a grand and glorious Fourth of July in Sierra Madre give promise of one of the most enjoyable events in the history of the city. Beginning with the ball game at the school grounds at 2:00 o'clock, and winding up with the grand complimentary ball in the evening, there won't be a dull moment.

Two ball teams, carefully hand-picked and groomed up to the last notch by Manager C. B. Scott of the local twilight league, will cavort on the diamond for the edification of the multitudes, and it is promised there will be plenty of excitement at this opening feature of the day's festivities.

Immediately after the ball game the entire population is invited to the city park, where the balance of the day's jollification will be held. Races and contests of various kinds, with prizes donated by local merchants, will be conducted under the supervision of Arthur Evans, Scout Master, and James Heasley. Programs of the various events will be available before the games, so the boys and girls can prepare for their favorite events.

Following the races, a big picnic dinner will be served in the park, with free coffee furnished by the business men of Sierra Madre. The picnic dinner is planned as one of the high lights of the day's events. It will afford neighbors and friends an opportunity to gather round the festal board and discuss ways and means to inculcate and perpetuate a spirit of good-will throughout the city and community. The success of the picnic dinner depends on the number of people who will gather together at that time. The park grounds are roomy and many hundreds can be accommodated. Let every one help to make the picnic dinner feature a huge success.

The American Legion will present a short patriotic program immediately following the dinner. Inasmuch as the new park stage is still only in project form, the platform for the evening entertainment will be erected in front of the park house, in the same location that proved such a delightful setting last year. Seats will again be arranged on the gentle slope, and perfect visibility will be possible for all.

The program proper will follow the patriotic ceremony by the Legion, and a number of local musicians have consented to appear. A splendid new Electrola from the Radio Store of Robert C. Bradshaw, Pasadena, will be used for two groups of numbers on the evening's program, through the courtesy of Mr. M. J. Malsby, manager of the Radio Store.

The Fire Laddies, under the leadership of Chief W. D. Richards, are planning an instructive fire drill, using the old tower of the old Congregational Church for the purpose. Ladder work, the rescue of persons from the tower, and other phases of fire protection.

(Continued on Page Eight)

Hillcrest Will Open Two New Branches Soon

R. A. Summers, proprietor of the Hillcrest Dairy at 3600 Foothill Boulevard, has been president and general manager of the concern since he started it three years ago. The statement is made to correct the impression conveyed by an article in last week's News with the opening of the new Watson Dairy Products Co. store at 3255 Foothill Boulevard. The allusion to Mr. Watson's connection with the Hillcrest establishment was due to a misunderstanding in the News office and not to any effort on his part to misrepresent his status as an employee there.

The growth of the Hillcrest business on the foundation of a quality product has been so spectacular that credit should certainly go where it belongs. Mr. Summers will open two or more additional branches in the near future.

PROGRAM—JULY FOURTH

2:00—Baseball game between two teams of the Sierra Madre Twilight League, under the management of C. B. Scott, league manager. Game to be played at the school grounds.

3:30—Games, Races and other contests at the City Park. Numerous prizes to be given by the Business Men of Sierra Madre.

6:00—Picnic Dinner at City Park. Everyone is urged to co-operate in making this feature a success.

7:00—Evening Program. The patriotic section of this entertainment is sponsored by the members of the American Legion Post No. 297, Sierra Madre. Allegiance to the Flag (all standing.) "America" sung by entire assembly. Patriotic address, Father Edwin Ronan of the Pastoralist Fathers, Chaplain of the Post. "America the Beautiful" sung by entire assembly.

7:30—Presentation of prizes and Silver Cup to winning Base Ball Team.

7:40—Overture (to be selected) Played on the Electrola. Medley of Old Time Favorites - Quartet J. C. Heasley, Joe R. Eastwood David Buchan, Jack Buchan

Selections—The Auer Trio. Marguerite Auer, piano; Mildred Auer violin; Leland Auer, trumpet Solo, "Roses of Picardy" - Joe R. Eastwood Soprano Solo (to be announced) "Jerusalem Morning" - Quartet Solo, Selected - - - - - Jack Buchan

Selections - - - - - The Auer Trio Overture - - - - - Electrophone

8:40—Spectacular exhibition by members of the Sierra Madre Fire Department. It is requested that everyone keep off the street, using the sidewalks adjacent to the old Congregational Church, where the demonstration will be made. This drill will be made along constructive lines, and will show the proper way to turn in an alarm and give other information of value.

9:00—Dancing on the Tennis Courts. Music to be furnished by the Electrola, supplied by the Radio Store of Pasadena. Frank Spencer, dance chairman.

Grant Tells Of Kiwanis Convention

California Delegation Took a Prominent Part at Seattle

Ray A. Grant, district trustee of the Kiwanis Club returned home Tuesday night from Seattle where he represented the club at the Kiwanis International convention. He made the trip by automobile, being accompanied by his daughter Ruth.

California broke all records for district representation at this convention, the California-Nevada district having more than 700 members there. The Tujunga club won the attendance trophy for clubs in its class. Jimmy Smith, the famous organist-singer, of Tujunga, was a conspicuous figure in convention activities.

Mr. Grant reported a pleasant trip. Weather, however, was in striking contrast to that prevailing in Sierra Madre. In Seattle it rained nearly every day, and the trip down the Sacramento and San Joaquin Valleys was intensely hot. It is expected Mr. Grant will give a report on the convention at next Tuesday's meeting of the club.

New Service Station Will Open for 'Old Business' Soon

The service station being erected by Milton Steinberger at the corner of Auburn and Central is expected to be in operation early next week. Several crews of workmen, plumbers, electricians, cement men and laborers, are at work today.

The entire corner will be rapidly beautified with lawns and gravel drives, and with adequate electric lighting will be a material improvement to the fine lot recently purchased by Mr. Steinberger.

Band to Be Started By Local Musicians

Steps toward organizing a band here will be taken Monday night, when all men who have had band experience and are interested in forming such an organization are asked to meet at the office of Andrews & Hawks. J. N. Hawks, long active in band work here, is leading the movement and desires as much support as possible in the project. The meeting will be called at 7:45.

Vernon to be Speaker for Lodge Meet

Open Patriotic Program to Be Given on Tuesday Night

Archie H. Vernon, past state commander of the American Legion in Minnesota, will be the speaker on a special patriotic program to be given in the Masonic Temple next Tuesday night, July 3. The program will be held by the Masonic lodge in the banquet hall following a brief business session in the lodge room.

Members of the fraternity are invited to bring their family and friends to the program. A cordial invitation is also extended to members of the Order of the Eastern Star and the American Legion and Auxiliary. Convers L. Twycross, master of the lodge, is anxious that Mr. Vernon shall have a large audience for his address.

After the patriotic program there will be dancing or cards, as may be preferred, and light refreshments. The program is announced to begin about 8:30 o'clock.

Mr. Vernon is associate counsel for the Title Insurance and Trust Co. He was formerly with the Automobile Club of Southern California in similar capacity. He is said to be a speaker of much ability.

Dr. Miller Home From Convention In Portland, Ore.

Dr. and Mrs. Frank Porter Miller returned home Saturday from a motor trip to Portland, Oregon. Dr. Miller went north to attend the annual convention of the National Tuberculosis Association.

Encouraging progress was reported throughout the country in the fight to stop the ravages of tuberculosis. Leading physicians and public health workers specializing in tubercular work were present to take part in the convention sessions.

Dr. and Mrs. Miller report a delightful trip through the north. During their absence their little daughters stayed at the home of Mrs. Munson in Lamanda Park.

The Modern Prigalle enjoyed a delightful picnic in the upper Arroyo Seco Thursday afternoon as the last meeting before the summer vacation. Hostesses for the occasion were Mrs. J. M. Campbell, Mrs. C. W. Jones, Miss Lydia Webster and Miss Flora Vannier.

Elks Band of Pasadena to Play at Park

Wednesday Night, July 11, Selected as Date for Concert

Band Has Gained Wide Fame In Pacific Coast Elk Conventions

The Elks Band of Pasadena Lodge No. 672, in cooperation with the Monrovia Lodge of Elks, will give a complimentary concert to the people of Sierra Madre next Wednesday week, July 11th. The concert is to be one of the series the chamber of commerce entertainment committee is planning for the summer season and the program to be given by the fifty members of the Pasadena Elks Band will appeal to lovers of instrumental music.

Prof. Burton Downey, conductor of this organization, is preparing a program that will be enjoyed by all who can be at the park July 11. There are several Elks in Sierra Madre, who because of infirmities cannot attend and for these members and others who are bedridden special numbers will be played with the hope that the music can be enjoyed by them at their homes. Music carries exceedingly well here and experiments will be made previous to the concert with sounding boards, hoping that in this manner the acoustics can be improved and that the entire community can enjoy this treat.

C. F. Farmer is manager of the band. Mr. Farmer is Union Pacific agent at Pasadena and at one time the family resided in Sierra Madre. Mr. Farmer spent part of Thursday with members of the committee looking over the park and figuring on the lighting arrangements, etc. J. L. Doyle assists Mr. Farmer in managing the band and Clarence Schraeder is librarian. Walter Heber of the News force, plays baritone in the organization.

The Elks are famous for their spirit of helpfulness and the word "E-L-K" has been termed by many to mean "Ever-lasting Kindness." It is this spirit that prompts their efforts to give to us all a delightful evening in the city park.

After the concert the band will be entertained with a buffet supper at the park house, this part of the program being in charge of Elks residing in Sierra Madre. It is suggested that all coming to the Fourth of July entertainments and also the Elks Band concert bring rugs, cushions or camp stools, as a number of out-of-town visitors are expected and the seating capacity will be limited.

Frank Baker Is Killed In Plane Crash

Member of Former Sierra Madre Family Meets Tragic Death

Frank I. Baker, son of Mr. and Mrs. Charles Harris Baker of Oak Knoll and a native of Sierra Madre, succumbed Monday morning to injuries sustained in an airplane crash Sunday evening. The tragedy occurred at the Frank Baker Airport, which he operated near Culver City.

The Baker family resided on West Highland Avenue during Frank's early childhood and still have many friends here who share their grief. Frank received his education at Polytechnic elementary school and the Lawrenceville Academy, a well known eastern school for boys. He would have been 21 years old today. He had been flying since he was seventeen and owned and operated the airport and its fleet in association with his cousin, Robert Blair. Frank was rated as an expert stunt man and flying instructor. The fatal crash followed a "falling leaf" at low altitude.

Funeral services were conducted on Wednesday in Pasadena by the Rev. James Leishman, assistant pastor of the First Presbyterian Church, of which the Baker family were members. One of the musical selections was "The Airman's Hymn," written by Mrs. Baker. With the bereaved parents are left two sisters and a brother.

Chief Keegan aHs Fine Display of Canine Jewelry

The latest styles in lavalieres, medallions and other jewelry for canines is now on display at the city hall. Chief of Police Keegan has the exclusive agency for Sierra Madre, by reason of being the city license collector, including licenses for dogs, merchants or what have you.

When the merchant pays a license he gets nothing but a slip of paper and it costs at least \$12. When doggie's license is paid he gets a nice bit of jewelry, 1928 model, for only \$2, while her's costs \$4. Licenses are due and payable on July 1, and Chief Keegan suggests that all dog owners come to the city hall promptly and buy the jewelry for their pets.

Park Stage Is Ordered By Council

Architect Finlayson Employed to Prepare Plans and Specifications

Definite steps toward the erection of an entertainment stage of classic design in the city park were taken at an adjourned session of the city council last night. Mrs. J. Milton Steinberger presented sketches of floor plan and elevation prepared by Architect R. M. Finlayson for the special committee appointed to secure a design satisfactory to all. She also reported the unanimous approval by the Woman's Club of the project by a vote taken at their Wednesday afternoon meeting.

The council then decided by unanimous vote to employ Architect Finlayson to prepare detailed plans and specifications for the stage, the estimated cost of which is \$6,000. Inasmuch as it is planned to build by units as funds are available rather than to complete the structure at once, Mr. Finlayson was employed at a flat price of \$250 rather than on the usual percentage basis.

The proposal received the votes of Councilmen Hall, Myers and Belohlavek.

An ordinance was introduced changing the zoning ordinance as applied to the keeping of animals for hire, such as burro corals, etc. The chief effect of the change in boundaries of the restricted district will be to eliminate such business from the neighborhood at the foot of Mt. Wilson, where corals have been maintained for many years.

No protests being offered to the program of clearing vacant lots, the board instructed Street Superintendent Carpenter to proceed with the work speedily so all bills can be turned over to the county tax collector on time.

The Title, Insurance & Trust Co. was authorized, upon recommendation of Attorney Baker, to make the necessary title searches and furnish guarantees in connection with the rights of way for the Central Avenue opening and improvement project. Their bid was \$3,000, other title companies bidding from \$3200 to \$11,000 for the service.

Mrs. Marie McArthur, deputy city clerk, was granted two weeks vacation beginning July 5th. Mr. Robertson, who has been assisting in the office during the illness of Clerk Dietz, was appointed deputy city clerk for the vacation period.

New Dairy Store On Boulevard Says 'Ads' in News Pay

R. A. Watson, who opened up the new Watson's Dairy Products Company store on Foothill Boulevard, 3255, last Saturday, is very well satisfied with the patronage he has received since the opening day. Mr. Watson carried an "ad" in the News of last Friday, and stated to a News representative that "News advertising certainly gets results." Mr. Watson's product has been highly spoken of by local people who have patronized his new store, and an ever-increasing demand is certain to be experienced.

Full opportunity for public discussion of the three bond issues now before the voters of Sierra Madre will be given on July 17, when a mass meeting will be held in the city hall. The announcement was made this morning by Col. Hall, mayor pro-tem, and further details will be made public later.

MORE FUNDS NEEDED TO PUT ACROSS 4TH OF JULY CELEBRATION

Practically everyone who has been asked is helping sponsor the work of the entertainment committee of the chamber of commerce in the way of finances and a list of the donors and helpers will be published in the next issue of the News.

The committee has been unable to find time to make a thorough canvass for funds but will continue their efforts in this line. All donations may be left with Herbert Ingraham at the Sierra Madre Savings Bank.

The entertainment committee is highly gratified with the response to the plans for the celebration and for the series of summer concerts to be given at the park. The entertainments will be provided at practically no expense, but the usual courtesies will be extended to the artists appearing, and it is felt that this should be done in a fitting manner.

There will be no solicitation or canvass for funds, but any voluntary contributions will be gladly received.

Fireworks Prohibited On the 4th

Fire Danger Too Great to Take Any Chances at This Season

City and Federal Regulations Must Be Obeyed to the Letter

Fireworks will be tabu in Sierra Madre on the Fourth of July, as has been the case for many years past. Chief Keegan declares the law against fireworks and firecrackers will be strictly enforced. The only noise makers permissible under the city regulations are caps and cap-pistols and the type of cannon that use carbide of calcium as an explosive.

The stringent restriction against fireworks here is made necessary by the summer fire danger. Fire authorities are bound to prevent fire starting in dry grass and weeds, with consequent danger to buildings. Even though the property may not be near enough to the mountains to risk spreading directly to the watershed, a burning building might send up embers which would result in a bad mountain fire.

Forest Ranger Vetter also calls attention to the fact that fireworks and firecrackers are strictly prohibited in all national forests of California. Outing parties headed for the mountains will do well to leave everything of the kind at home, taking instead the required axe and shovel.

First Fines For Smoking Are Imposed

Forest Service Determined to Curb Danger From Fires

Smoking in the national forests is dangerous business if one has regard for his pocketbook. The danger to the mountain brush cover might be mentioned also, but the smokers who disregard the warning signs do not seem concerned over that.

Ben Collins of Los Angeles was arrested by U. S. Patrolman Little for smoking on the Sturtevant Trail on Sunday. His hearing will take place in justice court in Monrovia today.

Five men were arrested for smoking on the Mt. Wilson Toll Road on June 17, by Patrolman Dan B. Tracy. They were taken before Justice Sturgeon of Monrovia, who fined them \$10 each. The men were H. W. Smith, H. G. Bloom, H. S. Bergman, R. S. Railsback and H. C. Allen, all of Los Angeles.

Miss Betty Carlson of San Clemente has been visiting this week with Miss Virginia Wood. On Wednesday she was the guest of honor at a party given by Miss Moreland Kortkamp.

Citrus Cull Is Valuable To Growers

Many Products Are Derived From Unmarketable Fruit

Fruit Formerly Thrown Away Now Yields Valuable Returns

By-products of the citrus industry formed the basis of an intensely interesting talk before the Kiwanis Club at the Tuesday luncheon by H. S. Bailey. As the manager of the big plant maintained at Ontario by the California Fruit Growers Exchange, it is the province of Mr. Bailey to salvage for the orange growers what was for many years thrown away as waste. The result of the work of the last few years is closely parallel to that of the meat packers who save everything but the squeal of the hog.

Nearly everyone can remember when cull oranges were a drug on the market. Only a little of the fruit which was unfit for shipping could be sold for use in the immediate neighborhood. The rest had to be disposed of, sometimes at considerable expense.

Now it is entirely different. Industrial chemists have devoted intensive study to the content of oranges and lemons. Means have been devised for extracting the various ingredients for commercial use. The result is the products plant at Ontario is unable to secure enough fruit some times to operate anywhere near its capacity, even by paying as high as \$10 a ton for culls.

In a row of test tubes Mr. Bailey exhibited graphically to the Kiwanians the various constituents of an orange. The largest tube contained only water, representing 80 per cent by weight of the total. The other tubes contained crystals of citric acid and sugars, orange oil, protein and pectin. The commercial significance of the various items was discussed interestingly.

The speaker was introduced by Carlton J. Pegler, for years a director of the Sierra Madre-Lamanda Citrus Association. He surprised his hearers by a brief statement of the magnitude of the citrus industry, which brings \$100,000,000 yearly to the state. The payroll of the local plant, he said, averages \$1,000 a day.

Kiwanian Forrest V. Routh was called upon by President Tasker Webster to lead the singing. Mr. Routh is superintendent of schools in Alhambra and one of the best Kiwanis song leaders ever heard here, and his visits are always greatly enjoyed. He complimented the club for its good fortune in having for its accompanist so capable a musician as Gus Rihard.

Total value of products derived from cull oranges sometimes reaches as high as \$100 to the ton, varying with the market for fruit and for the output. Even the frozen fruit is largely salvaged now. The Ontario plant handles oranges only. The by-products of the lemon industry are somewhat different and are handled at another plant in Corona.

Property Owners Aroused by Damage To Cement Work

Initials scratched in new cement work affords considerable amusement to the budding artists who thus seek to perpetuate their fame. But the initials serve as a lasting reminder of rascality to the owners of the sidewalks.

Buchan Brothers, contractors, have recently laid cement walks for a number of property owners along Auburn Avenue. 'It would seem the initial writers must make a practice of watching for such opportunities. For when the work was completed and left over night, they got in their work while the cement was fresh.

Repetition of this sort of thing has become a serious thing. It happened recently at the new Congregational Church, and in a number of other locations. Chief of Police Keegan and Street Superintendent Carpenter have decided to "go to bat" on the proposition and stop the nuisance, which is a violation of the state law.

Mrs. Eva D. Moore entertained the girls of her Sunday School class with a picnic in Brookside Park Thursday afternoon.

Many Health Schools Open This Summer

Eighteen Summer Health Schools are to open their sessions July 2nd in Los Angeles County, it is announced by the Los Angeles County Health Department and the Tuberculosis Association, under whose auspices summer health schools are being conducted for the 4th year. These schools are partially financed through the sale of Christmas seals.

The success of the summer health school plan to build up the resistance of the physically below par children is attested to in the urgent demand for more schools this year and the enthusiastic cooperation of local school boards, parent-teacher associations, civic organizations and other local clubs. Last year there were 12 summer health schools with an enrollment of approximately 400 children.

Summer health schools this year will be held in Sierra Madre, Alhambra, Bellflower, Hermosa Beach, Monrovia, San Gabriel, Simons Brick Yard, Santa Monica, Tujunga, Burbank, Redondo, Hawthorne, Glendale, Whittier and Compton. The regular summer health school schedule specifies the 7-to-10 age group for eligibility except for the second school at Compton which will be for adolescent girls and a pre-school group for the second school at Whittier.

An innovation for this year will be a second school at Glendale which will open June 18th and run for a six week session for children who are taking the required summer session work so that they may receive in addition the summer health school training with proper diet and regular rest periods provided.

"The three past years have given convincing proof that the basic principles of the summer health schools are correct," states Dr. Elizabeth Saphro, director of the summer health schools. "The summer health school does not create a break in the home life as is the case in the summer camp program. Due to the opportunities the mother has to consult with the staff about the problems of her own child, the health standard of the entire family was benefited. A survey taken many months later showed this."

News Notes from Here and There

When a San Fernando newspaper planned a bathing beauty contest and parade recently, the management probably figured that a pretty clever piece of community advertising was about to be accomplished. But the well-laid plans did a Bobby Burns when ministers of the city got together and put up such strong opposition that the affair was called off. The Coliseum plunge, in San Fernando, was the site of the proposed eye-strainer.

Scoring a total of 960 points in a community-service contest conducted in Legion Posts all over the United States, the Monrovia Post tied with Pasadena for first place. The post was awarded a certificate of citation for distinguished service.

If experiments being conducted near Holtville prove successful, extensive plantings of Spanish peanuts will be made next season and a new agricultural industry started in the Imperial Valley.

The science of gardening will be studied in the University of California summer session in Los Angeles. The course will not be technical in its presentation, but will give practical information to anyone who would like to improve his own home grounds.

Enjoy the CONVENIENCE of Electric Cooking

ONLY those who have cooked automatically with electricity can know the convenience, the freedom it gives from the worried watching of other methods. With the automatic electric range you have clean, safe, strong heat controlled by a clock and thermostat to start the cooking and stop it at the right time no matter where you are or what you are doing. That is real convenience.

If you are not enjoying these advantages in your present cooking equipment come into the nearest Edison office and let us show you the modern automatic electric ranges. We will gladly tell you all about them. Ask about our monthly budget plan of paying for a range while you enjoy it.

Pupils of the Auer Studio In Recitals

A number of the students of the Auer Music Education Studio will give a public recital Monday evening, July 2, at 8 o'clock, at the Sierra Madre studio, 181 East Grand View, and Tuesday afternoon, July 3, at 2:30 o'clock at the Alhambra Studio, 829 North Electric Avenue. The teachers and students enjoy regular monthly recital parties, and two or three recitals are given annually to the public.

Melody and rhythm is taught the kindergarten children by means of bird calls and nursery rhymes, rote style, in classes of four to six students, meeting three times a week. This is an asset to the mother who finds little time to help the child in his home study. When they desire to create their own rhymes and melodies—reading and notating of music is decided by the child to be the next necessary step. The harmonizing of their melodies is learned as soon as the child feels the need of more depth to his music. Of course the old masters are the examples, as a thorough study of their lives and an analysis of some of their simple piano compositions are made. These are supplemented by many of the more modern compositions to broaden their mental and technical ability.

As the child grows more independent in his study, and his ability of retention becomes greater, the private lesson is substituted for a part of the class lessons, although some class work in harmony, orally and aurally, history and appreciation of piano, violin, trumpet or combinations of two instruments and orchestra work is always essential.

A demonstration of the first week's study in rhythm and melody by means of bird calls will be given in one of the numbers on the program, also the history books and harmony tablets completed the past year will be on exhibition.

The following program will be given, to which all interested are invited:

Marche Heroique, Schubert, Lois Harding and Betty Irwin.

Hunting Song, Gurliitt; Marjorie Adams.

Priscilla on Thursday, Bilbro; Lela Harding.

Northern Song, Schumann; Jack Bailey and Dale Harding.

Bird Calls, Wendall Brown.

Consolation, Mendelssohn; The Trumpeter's Serenade, Spindler; Edward Adams.

French Folk Tune, Bergerette; Soldier's March, Schumann, Jean McCutcheon.

Happy Farmer Returns from Work, Schumann; Chandler Ingalls trumpet, and Edward McCutcheon, piano.

The Thunder Storm, Gurliitt; Dale Harding.

Brier Rose, Fischer; L'Arabesque, Burgmuller; Betty Irwin.

Evening Song, Schumann; Catherine Cook and Juanita Wilkinson.

La Chevaleresque, Burgmuller; Edward McCutcheon.

The Minuet, Martin; Butterfly Waltz, Martin; Jack Bailey.

Theme With Variations, Popini; E. E. Best, violin, and Mildred Auer, piano.

On Wings of Song, Mendelssohn, Don Wallick, trumpet, and Lois Harding, piano.

Meditation, Englemann; Catherine Cook.

Dance Antique, Pascal; Spring Time, Valenkamp; Juanita Wilkinson.

Minuet in G, Beethoven; Marjorie Adams and Jean McCutcheon.

Chattering, Terry; Parade of the Goliwogs, Barnes; Lois Harding.

Sonata in E, Beethoven; Mrs. Grace Ingalls.

Spring Song, Mendelssohn; Catherine Cook and Lois Harding.

Miserere from II Trovatore, Verdi; Longing for Home, Jungman; Mildred Auer, violin; Leland Auer, trumpet; Marguerite Auer, piano.

Fire Flames

By One of the Boys

All the town's in dire commotion, and displaying sire devotion At the thots of celebrating Independence Day at home; There is nothing left to random, there'll be lots of stuff to hand 'em—

If the folks will stay at home, and for one day cease to roam.

There should be lots of entertainment, with a hope of no arraignment,

Altho Keegan and his officers will be there dressed in style;

There'll be ball games most exciting with their arguments and fighting;

There'll be races for the ladies, who can surely run a mile.

Bring along the old lunch basket, if you want to know just ask it,

"No trouble to answer questions" with our old friend "Hump" around.

He is full of information and perhaps some "inflammation,"

But he'll surely introduce you to the folks about the ground.

Tho the talent will be local, there'll be instrument and vocal,

And the quartet, with 2 Scotchmen, will be there to cure the "blues."

Free lemonade (or coffee), you can bring your own Scotch toffee.

Being Independence Day, you may bring whate'er you choose.

Oh, the Good Will Club is planning, so let's refrain from "panning."

Be there on the Fourth and have the best time of our lives.

Bring some salad of potatoes, and lots of fresh tomatoes—

We're hoping that the married men will bring along their wives.

And, oh! it's been requested (we know you're surest guest) it

Why, we Fireboys of the city have been asked to demonstrate

Just how we fight a fire, and to prove that I'm no (liar) squire.

For the large assertions that the "Fire Flames" does relate.

Altho we will be sighted, we'll not get so excited

That Louie drops Geo. Norris from the belfry of the church.

For if such as this would happen, the boys below would all be napping!

And I fear that our assistant chief would be lying in the lurch.

After that there will be dances, and if you want to take the chances,

You may choose between the latest and the oldest kind of reel.

You may dance until eleven, or continue until seven—

Difficult Transaction

"When a man marries for money," said Miss Cayenne, "you may expect complaints from everybody concerned of having gotten the worst of the bargain."

Value of Mottos

The object of mottos is to point out something we have not yet attained, yet strive after. It is good to keep them constantly before our eyes.—Goethe

Reason Enough

Our mints last year turned out 176,000,000 pennies. Not that a penny will buy anything, but because they have to be given in change for \$1.98, etc.—Pittsburgh Gazette-Times.

Pasadena

MATTRESS & BOX

SPRING CO.

Renovating and rebuilding

a specialty.

101 W. Union Street.

Wakfield 3535 Pasadena

It all depends, of course, by that time how you feel.

Let's be there with picnic spirit; if our neighbors speak, let's hear it.

And we'll be one great big family for the day.

Should you find your self 'gropin' the Fireboys' room is always open—

You will find that we don't care how long you stay.

During our last Friday's meeting, long before we started eating,

We agreed to take a part down at the park.

So if things keep on progressing, there'll be no further guessing—

The "part" we take, we'll take there after dark.

"Shorty" Steinberger was introduced to Chief Richards little tin can last Friday and will no doubt be more cautious in the future as to his "lingo," Chief Richards himself "slipped" and was called to the tin can to the tune of two bits.

He paid the fine under protest, but the voices and threats of the entire membership compelled him to drop his silver in the slit of the little tin can.

Humphries and Eastwood of the "Goodwillers" visited us and gave an idea as to their expectations in regard to the Fourth of July celebration. It was their request that the fireboys give a demonstration. It is not yet decided as to whether it will be real or burlesque. If it goes over without a mishap it will be real, and if vice versa it will be a burlesque. It was suggested that one of the boys be rescued from the burning building. Alright, who will it be? This is once everyone wants to be the rescuer.

Chief Richards furnished the "hand-out" for the evening and the boys are all alive today.

It's coming near election time and we shall soon know whether we will have one pool, two pools or no pool, and whether we will have water to put in one (or two).

To our surprise a very large majority of the fireboys are in favor of the canyon swimming pool.

There seems to be some opposition to this pool being restored but not by a great many. The pool in the canyon adds greatly to the enchantment of the visitors and enhances the beauty of the park there, which is already known to many people who are beyond Sierra Madre city limits.

Even though a person is in favor of the pool on Grand View Ave., who not vote for the canyon pool also. It will add an insignificant amount to the yearly taxes and means so much for the city. We can afford two pools, when one of them costs only \$7000.

The "murderer" of Fire Flames admits defeat in his attempt to arouse an interest, so hereby agrees to discontinue his efforts by thanking everyone who has been patient enough to read them and also thank the publishers.

Therefore there will be no more "Fire Flames" and the Fire's Out.

Interesting News Notes from Sierra Madre Canyon

On Friday evening Mr. and Mrs. Clarence L. Virgin, former canyon residents, were host and hostess to a gathering of young people from the young women's and young men's departments of the Hartzell Memorial M. E. Church of Pasadena, the guests being members of the classes conducted by Mr. and Mrs. Virgin at the church.

The entertainment took place at the canyon studio of Miss Laura E. Cadmus on Woodland Drive.

A musical program, during which the guests were entertained with selections by the Ukulele Club of the church, a group of songs by Miss Cadmus, accompanied by Alfred E. Hunt of Monrovia, were features of the evening.

Mr. Virg, advance manager for John E. Brown, evangelist, conducted several chorus numbers. Later the guests gathered at Cadmus Villa where the balance of the evening was spent under the live oaks.

Games were played and wieners were roasted in the out-door fireplace of the Cadmus home. Ten large water-melons were a delightful finale to the occasion. The guests were Rev. Andrew S. Shamel, pastor of the church, Mrs. Shamel, Mrs. Ella A. Cadmus, Miss Minerva Boatright, Miss Florence T. West of Kansas City, Mo., Grace Allen, Jim Allen, Raymond and Hazel Bartley, Leona Bell, Dorothea Ann Benson, Ruth Virginia Boelen, Evelyn Bowen, Ruth Calvert, Ruth and Winifred Ferguson, George Fleming, Stanley Fox, Irwin and Rita Honeyball, Druce Lee Hutton, Charles and Larry Largent, Thomas G. Malard, Carl E. Nielsen, Margaret Pittroff, Louise Rolfe, Mary Sham, George Short, Helen Smith, Betty and Dorothy Stevenson, Alice and Ruth Truitt, Edwin Virg and Barbara Wilson.

Mrs. Laura M. Cline's home, "El Contento," was the scene of a friendship reunion on Saturday night, a feature of which was a delightful picnic supper served out-of-doors under the trees. Mr. and Mrs. William Hunt and their daughter, Laura Jean, of Arcadia, took the occasion to entertain their guests, Mr. and Mrs. Harold Montgomery of Detroit. Other guests were Mr. and Mrs. O. D. Hunt and Miss Esther Hunt of Pasadena, Mr. and Mrs. Jack Henderson and their mother, Mrs. Henderson.

Mrs. J. L. Henderson of Hollywood was a guest of Mrs. Lillian Isabel Lewis on Saturday at "Lewis Terrace."

C. F. Ishoy, a former canyon resident, was a visitor on Monday. Mr. Ishoy reports that his work at the Sherman Indian School near Riverside is progressing satisfactorily. Mr. Ishoy is instructor in carpentry at the institute.

Dr. and Mrs. Lloyd C. McDonald and their children, Mary Alyce and Suzanne of Long Beach, were guests in Seldom Inn cottage on Saturday and Sunday.

Mrs. Elizabeth Musgrove motor-

ed to her canyon home, "Kil-Kare Kabin" on Wednesday from Long Beach, accompanied by Mrs. Willis Thomas and her daughter Margaret of Montebello. They spent two days at Mrs. Musgrove's cottage. On Saturday the party returned to the canyon for the week end, accompanied by Mr. Thomas, who is editor of the Montebello News.

Mr. and Mrs. Eugene McCord of Los Angeles, spent several days in the canyon during the week, guests of Mr. McCord's mother, Mrs. Lillian E. Wheeler at her home on Alta Vista Drive.

Mrs. Paul Krempel of Los Angeles, daughter of Mr. and Mrs. F. W. Schlalos of Stuyvesant Drive, left Tuesday for New York where she will meet her husband who preceded her a month ago for the Olympic Games tryouts. Mr. Krempel being a successful competitor. They plan to leave New York on July 11 for Amsterdam, where they will spend the entire summer.

On Monday evening canyon residents enjoyed an unexpected musical treat when a group of members of the Marantha Tabernacle of Glendale met at Petzel's picnic grounds and as is their custom rendered several gospel hymns. Their pastor, Rev. Maurice M. Johnson, using a megaphone from a nearby hillside, sang "The Nine-ty and Nine," "The Old Rugged Cross" and several other selections of a similar nature. Rev. Johnson is planning to sing again in the canyon soon.

Pupils of Laura E. Cadmus will give a recital at her studio on Woodland Drive on Friday evening of this week at 8 o'clock. The following program will be given, with Alfred E. Hunt of Monrovia as accompanist:

Boat Song, Romilli, and All Through the Night, old Welsh air, Charlotte Butler.

Lovely Flowers I Pray, from Faust, Gounod, and Wiegenlied, in German, Brahms, Alice Corum.

Angels Ever Bright and Fair, "Theodora," Handel; Caro mio ben, in Italian, Giordani; Katherine F. Burton.

Ave Maria, in Latin, Gounod-Bach; Because, Guy d'Hardelot; Dorothy Petzel.

You, Moore; Lavender Dreams, Clarke; When Song Is Sweet, Cohen; Christine K. Butler.

Oh Lay Thy Cheek on Mine, Jensen; Gethsemane, Cohen; Katherine F. Burton.

Life's Dream is O'er, "Alice," Ascher; Katherine F. Burton and Dorothy Petzel.

Clarke; When Song Is Sweet,

CONTROLLING YOUR TAXES

WITHIN the next few weeks the city council will undertake one of the most important duties of the entire municipal year. That will be the making of the budget on which the city finances are supposed to be operated during the year beginning July 1.

On the budget will depend the city tax rate. On the budget will depend the things that are to be done during the year by the city officials. To be sure, there are always lapses and departures from the budget program. But the budget represents a serious effort to chart the course in advance.

It would be a splendid thing if the taxpayer would sharpen his pencil, sit down and do some figuring for himself. For purposes of calculation the round figure of \$3,500,000 for the city's assessed valuation will suffice. The tax limit for general municipal purposes is \$1 on each \$100 of valuation. Library, park and bond taxes are additional. This is just a beginning, but it will provide taxpayers some food for thought.

It is the demands of the people as reflected in the budget the tax rate will be determined. It would be a good thing if many taxpayers would confer personally with the city council members in advance of budget making. If they want certain things done, let it be known. If they want lower taxes, let it be known. In friendly conference it may be possible to reconcile these two contradictory desires.

But don't grumble when your tax bill arrives next fall if you have not done your share of thinking and talking at budget time.

PASSING OF THE PLAGUE

MORTALITY from tuberculosis has been reduced 50 per cent in 20 years, according to the latest figures available. Thus one of the most dreaded enemies of human life and happiness becomes less formidable.

Twenty years ago the great battle against tuberculosis was just gaining headway. The medical profession were finding that it was not hopeless and that the disease could be treated in cold climates as well as in mild climates. Preventive work was just beginning to be understood.

The 50 per cent reduction in mortality applies to the nation as a whole. In California the advance has been even greater. This is partly due to special concentration on the tuberculosis problem here, and partly to the better provision for treating sufferers in their eastern home states.

The most hopeful thing about the situation is that even greater progress may be expected in the future.

AIR RECORD BREAKING

SO rapidly are new air records being made that it is difficult to keep pace with them. Before a magazine article recounting some wonderful feat has gotten into print a still more wonderful one is told in the newspapers.

The few months of 1928 already past have seen Haldeman and Stinson bring back to America the air endurance record with a continuous flight of fifty-three and a half hours. While this was going on, Major de Bernardi of Italy was smashing the speed record, in four flights over a 10-kilometer

course. Hinkler flew from London to Australia alone in a light plane of low horsepower in fifteen hops, covering fifteen days, without a mishap, setting a new record.

The great feat of Koehli, von Huenfeld and Fitzmaurice, two Germans and an Irishman, has caused the world to resound with their fame as the first to make the westward trans-Atlantic flight in an airplane. And there are many others who have accomplished thrilling feats in the air.

But Lindbergh holds a record that is still unique in two respects. He is the only person to fly across the Atlantic alone and the only one to cross in an airplane who picked his exact destination in advance and landed there without a stop. Someone may duplicate his feat some day, but his record has stood a year—and that is a long time in these days of a new record overnight.

WHAT DO YOU SEE?

(New York Herald-Tribune)

THE experience of Miss Rachel Gillis, the 17-year-old girl from St. Kilda who had never seen a tree, a horse, a motor car, a railway train or a telegraph pole until taken on a recent jaunt through Blackpool, was an enviable one.

St. Kilda is a lonely island in the outer Hebrides, Inverness-shire, 100 miles from the Scottish coast. It has a population of between 40 and 50 only and is but seven miles in circumference. Owing to the sea spray, which blows across the island and turns everything black, it is difficult to grow anything there.

Miss Gillis left her island home for the first time to pay a brief visit to Lancashire. During the first part of her ride through the city she sat spellbound. Then she began asking such questions as: "What makes the car move?" "Is that a tree? I have seen them only in pictures." "What are those funny wires hanging on the poles for?"

When we were very young we all saw things like that. The trouble is that most of us have seen so much since that, to make a Chestertonian paradox, we are unable to see now at all. It takes something as fantastic or a pied or barred fish from Hawaii, or a dwarf deer from Africa, to capture our wandering eyes. But a snail's shell is as much of a marvel in design.

A mist came down over Washington Square a few evenings ago and worked wonders. The great buildings on the edges of the square became towers from the Arabian Nights and the fountain in the center turned into a wavering water spirit. Few saw the effect. To the girl from St. Kilda it would have seemed a miracle.

A SERMON ON TOWN LOYALTY

(Hemet News)

NO citizen is so powerful, none so humble, but what his town is an aid to him in some way or other. There is where he employs his labor or his capital, builds his home, enjoys the society of his kind and, in short, finds everything that makes life worth the living. Failing to find these things, he usually goes in search of them elsewhere. If he remains it is natural to suppose he has found that which he sought.

Since your town boasts you, why not do as well by it as it does by you? To progress it needs the help of every citizen, and every citizen benefits individually from every community improvement, whether that improvement takes the form of public works, population growth, increased prosperity or business development.

No community is so miserable and unattractive that it has not its boosters, and none so perfect it has not its knockers, but that city or town achieves most in civic betterment which has the most boosters.

There are boosters, and many of them, in Hemet. They and their forerunners have made it the fine community it is and are making it the better community all want it to be in the future. But there are two reasons why every citizen should be a civic worker and booster. First, it is unfair to place the whole burden upon the few, and, second, every citizen owes it to himself and his fellow citizens to do everything within his power to make the community better, that it may the better serve all.

However, one should not make the mistake of confining his boosting to talking about the virtues of his home town. Direct advertising pays, but the kind of boosting that pays the highest dividends is sober and persevering endeavor of the kind that builds and beautifies the community.

Reservations

By J. R. E.

"Well, we tried that once, and it can't be done!"

That's the sort of remark that makes a "live one" want to step up and bite the ear off a wild tiger.

If the world had to get along on things that had been accomplished at the first try, it wouldn't be a fit habitation for a pole cat. It's the think that's hard to accomplish, that requires endless effort, that is really worth while—and usually after the hard work is all done and the object attained it is sometimes found that it was not so hard, after all.

That goes for amalgamating a divided citizenry into a unit in supporting any movement for the public good—and there's a good example of "safe and sane legislation" in the way the local group of Volunteer Firemen handle their different problems.

They met as usual Friday night in the city hall. They took up several propositions and discussed them thoroughly. After the discussions, Chief Richards put the question and the vote was taken. No matter how each individual may have felt, when the "returns were in" the Firemen presented a solid front, and it's safe to say they'll stand back of the majority wishes, 100 per cent.

There is not a business community in Southern California that couldn't profit from doing just that—bow to majority wish and then pull straight ahead.

Towns, as well as men, that do not go forward, go backward. There is no such thing as standing still.

Here's a splendid letter from a local resident on the school question:

"To one recently come to Sierra Madre all this discussion regarding high school facilities seems to have but one answer. Certainly a town of this size, with the number of fine young people we have, should have its own high school. Why not? There is no reasonable argument against it."

"As 'Reservations' has so ably shown, the annual expense of sending our students away would build and maintain our own school."

"The time now lost in transportation would mean a great deal, used to advantage here at home. The students would be in easy reach of home, instead of at the mercy of bus or trolley lines."

"To my mind a small school, whether preparatory or college, has many advantages over the large one, in the opportunity it offers for personal contact with the teachers, better understanding, and special interest in individual work."

"Absolutely. Positively. Certainly. Of Course—let us have our own high school and have it NOW."

"Interested."

A local resident who has two extremely bright daughters in the Pasadena schools, told me the other day that his daughter, who would be an outstanding student in the average school, was almost "shaken off the Christmas tree" the other day when a teacher, in whose class she had been taking instruction for the past four or five months, recognized and spoke to her in the hall recently. Teachers and pupils are just about that close to real friendship in a big institution. Most of us have experienced it in college.

Another citizen—in favor of Sierra Madre schools in Pasadena—cited, triumphantly, that there were more Sierra Madre boys on the baseball team than there were boys from Pasadena.

Yes, sir; and those boys would be engaging Pasadena in friendly strife and "mopping" up on Pasadena—if they had a school up here to attend.

How many valedictorians, salutatorians, class presidents, and so on ad infinitum, can you discover this year among Sierra Madre students? We'd have one of each—each getting remarkable training in leadership—if we had a high school in Sierra Madre.

Just think it over!

In speaking of the widespread use of aspirin and kindred drugs among adults and even the younger people today, a druggist friend recently suggested that parents should be warned to keep the drug away from infant children. Five grains of the drug may cause serious complications; ten grains will produce serious illness, while three or four tablets may cause quick and painful death. A hot, sour lemonade and plenty of fresh air will accomplish, in most cases, the same result that is achieved by the use of aspirin, it is urged.

Plans are being completed for the annual summer school and assembly at Pacific Palisades, near Santa Monica. The sessions will run from July 9 to August 19. Several Sierra Madre children attended sessions there last year.

From the Old News Files

TWENTY YEARS AGO

Rev. Father M. W. Barth began holding Catholic services in his cottage on Lima Street.

The Schumann Club, consisting of pupils of Mrs. Laura Stevenson gave a piano recital at the home of Miss Marie Adelmeyer, one of the members.

A club house was under construction at Pine Flats, the owners including Lewis Newcomb, Tom and Ike Cooper and Will Bacon.

Malcolm Campbell started construction of a \$3,000 residence near the corner of Highland and Auburn Avenues.

Prof. H. H. McCutcheon of Long Beach purchased a lot on Olive Avenue on which to build a home.

TEN YEARS AGO

Seven Sierra Madre girls left for Elsinore to engage in war work helping to save the fruit crop. They were Misses Bertha Carson, Minnie Gardner, Helen Williams, Helen Sadler, Yerdia Appleby, Blanche Goudy, Ruth Dudley.

Wade Brunson completed the special gas engine course at Columbia University and was assigned to the Packard factory at Detroit.

J. Stitt Wilson of Berkeley addressed a meeting in the interest of the war savings campaign.

The world Olympic Games of 1932, which will be held in California, are expected to prove a strong influence to check the trend toward professionalism in several modern sports. Permitting participation only by amateurs, and offering no financial rewards, the games, it is pointed out, bring into courteous, although strenuous competitors, athletes, sportsmen and artists from all over the world whose sole recompense is the honor of achievement.

Adolphe Sax, inventor of the saxophone, during his life time, was knocked down a flight of stairs, swallowed a pin, was burned twice, drank poison, and was nearly asphyxiated, and blown up. His grievances were great but he managed to even the score. — Council Bluffs Nonpareil.

The Literary Digest presents evidence that tigers can climb trees, which strengthens, if possible, our previous resolve that somebody else is going to have to do all the tiger hunting. — Nashville Banner.

Ride All Day Sunday

on a Red Car Pass

NEXT SUNDAY visit the famous beauty spots of Southern California. For transportation use a special Red Car Pass. Start as early as you wish. Board a train at the nearest, most convenient stop.

\$1.00 Pass

Visit the beaches, the harbors. See the missions at San Fernando and San Gabriel. Take the De Luxe Motor Coach trip over Beverly Boulevard. Ride to Hollywood. Go anywhere west of and including Uplands, except Mt. Lowe—all on a \$1.00 pass, secured from your station agent or conductor on the train.

\$2.50 Pass

The \$2.50 pass adds the famous Mt. Lowe mountain trolley trip, and the circle tour of the orange empire east of Uplands to your day of traveling. It is "good" over the entire Pacific Electric system, no matter what your destination.

Thrills for You

You'll enjoy this new travel arrangement because you ride as a privileged passenger of the line. You stop, where, when and as long as you please. When ready to go again, you merely show your pass to the Red Car or Motor Coach conductor. No delay. No questions. No red tape. The complete system is at your service. You can return to your home any time Sunday evening. Your pass is valid until 2 A. M. Monday morning.

Profit by these Sunday passes. Adapt them to fit your particular needs. They represent great savings over any form of travel in the Southland.

Rhoades Family Hold Reunion Dinner

In Sierra Madre, on Saturday evening, June 23rd, very near the site where Mr. W. P. Rhoades, in October, 1874, established his home and planted his orange groves and vineyards, the son of this sturdy pioneer, Mr. Wm. L. Rhoades, and his wife were host and hostess at a dinner at which were gathered all the descendants who bear this name and who now reside in Southern California.

During the progress of the dinner, messages by airplane, by telegraph and by radio came from absent members of the Rhoades family residing in Northern California and in New York state.

The dinner speeches included one from Mr. Wm. L. Rhoades in which he gave an account of that first trip of his father's from Skaneateles, New York, to Sierra Madre. The contrast between travel in those early days with its long delays and discomfort, and that of today with its marvelous improvements were interestingly given. Mr. Rhoades came to Sierra Madre where he established the Sierra Madre Villa. This hotel was one of the first to be built in Southern California and because of its many attractive features it soon became the Mecca for travelers from all parts of the world.

It seemed fitting to have this reunion in Sierra Madre, the summer home of the host and hostess. The following guests were present at the dinner: Mr. and Mrs. Edward Rhoades, Mr. and Mrs. Beach Rhoades, Mr. and Mrs. Fred Rhoades, Mr. and Mrs. Edward Stilson, Miss Della Neagle, Miss Pearl Neagle, Mr. Jack Rhoades, Mr. Dick Rhoades, and the host and hostess.

Mr. and Mrs. F. H. Hartman left Tuesday afternoon for San Diego where they attended the meetings of the State Pharmaceutical Association. The meetings were held at the famous U. S. Grant Hotel.

James Clarke, son of Mr. and Mrs. G. A. Clarke, was given a trip to his old home in Dickinson, N. Dakota, as a present from his parents for his graduation from St. Rita's School. He left Thursday night and expects to be gone a month or six weeks, during which he will visit relatives and friends.

Tom Tyler, proprietor of the Sierra Madre Furniture Co., with his son George, has been enjoying a fortnight's vacation at Giant Forest in Sequoia National Park. Mrs. Tyler, who has been running the store, is expecting them home Saturday.

Roydon Pool of Portland, Oregon, visited in Sierra Madre this week and looked after the old home place on Bonita Avenue.

Mrs. Arthur M. Udell and daughter Hazel are leaving today for Grand Canyon, Arizona, where Mr. Udell is engaged on a government road contract. They expect to remain several weeks.

Mr. and Mrs. W. R. Morgan and family, accompanied by Mrs. Margaret Sellers and daughter Sadie, left this week for Belmont Shore, Long Beach, where they will spend the summer.

Mrs. Frederick C. Blake and daughter Helen arrived last week to spend the summer with Mrs. Blake's father, A. N. Adams.

Mrs. Laura Stevenson is expected to arrive today to spend the summer at the home of her daughter, Mrs. Randolph Wood, 255 N. Hermosa Avenue, after spending the past nine months at her school for girls in Florence, Italy. She has spent a fortnight in various eastern cities since arriving in this country. Miss Edith Hawks, daughter of Mr. and Mrs. J. N. Hawks, who has been abroad

with her aunt, came on directly from Chicago and has been at home the past two weeks.

Miss Edith Blumer who has been spending the past year in England and on the continent of Europe, returned home last week and is residing for the present at the home of her sister, Mrs. John Hart, of San Marino.

Miss Maxine Russell, daughter of Mr. and Mrs. A. Russell of 171 West Live Oak left on Sunday with a party of relatives for an all-summer tour of unusual interest. The group are traveling as far as New Orleans in the private car of Joseph J. Saunders, traffic manager of the Southern Pacific. In the party are Mr. and Mrs. Saunders and their son Lyall, Mrs. Saunders' mother, Mrs. Lyall, and Mrs. Saunders, Sr. From New Orleans they will take a steamer for the circuit of the Caribbean Sea with stops at Panama and the principal West Indian ports. After a journey up the Atlantic coast they will travel across the continent by one of the northern routes and visit various national parks on the return homeward.

Mr. and Mrs. J. E. Woehler of Park and Mariposa Avenues, who left recently for Wisconsin by auto, had an unfortunate accident in Eastern Kansas. According to somewhat meager reports received here their auto was overturned and Mrs. Woehler's injuries were serious enough to require that she be taken to Kansas City by train. The Woehlers were on their way to Appleton, Wis., expecting to spend the summer there and at other places in their old home state. They were accompanied by W. H. Smith.

Monrovia Pool Proves Good Coin-Maker

In a letter to Col. Herman Hall, member of the Sierra Madre board of trustees, John F. Hutchinson, city clerk of Monrovia, sets forth pertinent facts pertaining to the costs of construction and maintenance. The letter is in answer to a letter from Col. Hall asking for such information.

According to Mr. Hutchinson the Monrovia pool and buildings cost about \$17,000. Added to this sum was cost of pit for emptying of the pool, wire fences, etc. The items entering into the construction were as follows: Pool and walks, \$8361; cost of filter and installation, \$6255; bath house, \$28,000; pergola, \$500; fence, \$409.

Mr. Hutchinson stated that the average cost per month of operation was \$550, while the average income from the pool during the months of operation was \$1025 per month. Rates charged are as follows: children under 12, for towel and steel locker, 10c; 12 to 16, 15c; suits, 10c extra; adults, towel and locker, 15c; suits 15c; private dressing room, 10c extra. Estimating a six-months operating period, it is seen that the Monrovia pool is paying the cost of upkeep, sinking fund and interest charges, in other words, the proposition is on a self-supporting basis.

Speaking of model husbands, we'll bet the Portland, Oregon, woman who can shoot a score of 94 out of a 100 with a revolver has got one.—Macon Telegraph.

Perhaps the McNary-Haugen bill would have relieved the corn-belt farmers, but the veto certainly has relieved the corn-belt politicians.—San Diego Union.

Our idea of a contented man is the one, if any, that enjoys the scenery along the detour. — Ohio State Journal.

New Unit in Service At Long Beach

When the throttle of the first of eight new electric generating turbines at the Long Beach steam plant of the Southern California Edison company was opened Tuesday, 125,000 horsepower of electric energy was dedicated to the service of Central and Southern California.

Work was begun on this first record-breaking unit late in 1927 and has been brought to a conclusion about 60 days ahead of schedule. These eight units will, it is estimated, cost in excess of \$100,000,000 and will require a force of men numbering between six and eight hundred continuously for the next ten years.

While no exhaustive tests have yet been made of the efficiency of the new unit, those which have been made indicate that this turbine will be capable of delivering in excess of 480 kilowatt hours per barrel of oil. The first units installed in the original Long Beach steam plant in 1912 generated 240 kilowatt hours per barrel of oil.

NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE.

No. 81024
In the Superior Court of the State of California, in and for the County of Los Angeles.

In the matter of the estate and guardianship of MARY J. POOL, incompetent.

NOTICE IS HEREBY GIVEN that under and pursuant to the law made and provided, the undersigned, R. O. Pool, as Guardian of the Estate of Mary J. Pool, Incompetent, will sell at private sale to the highest and best bidder, subject to confirmation of the Superior Court, on or after Monday, the 16th day of July, 1928, at the office of Robert Mitchell, Esq., attorney for said guardian, at Suite 515 H. W. Hellman Bldg., at 356 South Spring Street, Los Angeles, California, an undivided one-half interest in and to the following described property in the City of Sierra Madre, County of Los Angeles, State of California, to-wit:

The North One Hundred Seventy-five (175) feet of Lot 6, in Block "Z" of Hosmer's Subdivision, as per map recorded in Book 10, Page 14, Miscellaneous Records of said County. The terms of sale are as follows: The terms of sale are as follows: Cash in lawful money of the United States on confirmation of sale, or part of the purchase price in cash, and the balance evidenced by a note secured by Deed of Trust on the property sold, and the said note to bear interest at the rate of Seven Per Cent (7%) per annum, payable quarterly, and to be due three years after the time of sale.

Bids or offers must be in writing, and will be received at the aforesaid office at any time after the first publication hereof.

Dated: This 29th day of June, 1928. R. O. POOL, Guardian.

ROBERT MITCHELL, Attorney for Guardian, 515 H. W. Hellman Bldg., Los Angeles, Cal. 39-41

At The Drug Store Near The Home

A Bit of Nonsense

Call the Pied Piper
I spent last Saturday afternoon at our beautiful Lincoln Park, and what would have been a most enjoyable visit was spoiled by the great numbers of mice and rats which I saw. Along the banks of the lagoon they ran wild, and even in the bushes and near the walks. Children, too, were playing just near by. Can not something be done to rid the park of the pests?—Letter in the Chicago Tribune.

Well-Known Bouquet
The society leader placed herself in the chair as directed and submitted to the blindfolding. The committee stood about awaiting the great moment. With an air of confidence the Chief of Laboratory Tests lighted a cigaret and held it under the lady's nostrils. "Do you get it?" he asked. "Yes," she smiled. "Tell me then, what it is?" "You can't fool me," she replied sweetly. "It's the paper-hanger's pipe."—New York Sun.

Camping on the Game Trail
Mrs. Jones: "Do your daughters live at home?" Mrs. Smith: "Oh, no! They are not married yet."—Life.

Love 'Em and Leave 'Em

Ensemble In Program At Seiling Home

Violin Pupils Provide a Delightful Recital on Sunday

The home of Prof. and Mrs. Oscar Seiling was the attractive setting for a recital which gave rare pleasure to a large group of visitors Sunday afternoon. The soloists were some of Mr. Seiling's advanced violin pupils. The accompaniments were played by Mr. Seiling's string ensemble, with Miss Sornborger at the piano. The program which was received with every evidence of delight by the music lovers present, included the following:

Concerto in D minor (Vieuxtemps), Miss Laura Berkovitz; Theme and Variations (Correlli), Miss Orline Burrow; Walther's Prize Song (Wagner), Miss Emma Bowers; Concerto in A Major (Debussy), Miss Elizabeth Morgridge; Spanish Dance (Rehfield), Miss Marguerite Wells.

After the program many of the guests enjoyed the opportunity to inspect the lovely grounds of the Seiling home. Later Mr. and Mrs. Seiling entertained the soloists and a number of other friends at a picnic supper.

Communications

The following letter was read before a recent meeting of the Woman's Club and later submitted to the News for publication. All communications of this nature will be published in the News columns, if duly signed. The editors, however, request that communications be held within reasonable bounds as to length. Writers are urged to refrain from statements that would tend to create hard feeling—otherwise they may say what they wish.

Sierra Madre, June 27.
Ladies of the Women's Club and Friends:

Here is a brief history of the canyon swimming pool, as I see it. In April, 1926, the canyon swimming pool was filled by a storm. In July of the same year, this association received permission from the city trustees of Sierra Madre to solicit funds for the restoration of same. After about six weeks of hard work—and it was hard work—Mrs. Croxson, Miss Cadmus and Mrs. Nash, collected \$1250. In August they gave the city \$1095 for the excavation of the pool on the condition that the trustees felt morally bound to put same in condition and operate either themselves or by lease. To date the trustees have not fulfilled this promise.

We were advised not to give the trustees this money, but like the foolish virgins we did it.

Although the CIA has repeatedly asked them to do this, or else return to the committee the money advanced, who would in turn return same to the donors, of which we have a complete list of every dollar contributed. They have evaded the question several times, for various reasons. One was that it would interfere with the flood control work—the county flood control commission went on record that such was not the case, and that the pool would in no way interfere with their work. In fact they left it in such condition that all that is necessary is to slip in a removable gate, and we and everyone else knows that since the dam and the channel is now finished that it will be almost impossible for the pool to ever fill up again.

Now this association is not asking for anything new, or unreasonable, as this pool has been in operation for many years, and is owned by the city, and was deeded to the city for the specific purpose of a pool. It is a very safe pool, and has taken care of great numbers of people in years past. It has always been an asset to the city rather than a liability, as the city have always received rent from same. What became of it we do not know.

We thoroughly realize that it is not within the province of the city government to boost one part of the community as against another, but when this pool was in operation, hundreds of people came to the canyon, with their children, year after year, and enjoyed its beauties, swam in the old swimming hole, put their bathing suits on in their homes, and at a very small expense enjoyed the pleasures of swimming. Possibly some of you who are here today, learned to swim in this very pool. Many people who have made their living by renting cabins in Sierra Madre have enjoyed revenue from these rentals and from the visitors who came here. Picture to yourself the condition of this beautiful spot now—

house after house is empty, and the place is covered with For Rent and For Sale signs. Children that came here for the summer go to other places where there are swimming pools. Another place has been suggested for a pool. True, it is on city property, the same as the canyon. But it is down in an uninhabited section of the city, where there are no trees, or shade of any kind. It will cost \$30,000. In the opinion of the writer, you, ladies, need an adequate school for your children more than you need a \$30,000 swimming pool in this barren district. Our city engineer, from Monrovia (why from Monrovia?) estimates that it will cost the paltry sum of \$7,600 to put in a bath house, sufficient to comply with all the state health laws and thus restore to Sierra Madre a pool sufficient to take care of its needs for years to come. We realize thoroughly that this is a small city, and the taxes are high and the burden is great, but we do know that Sierra Madre is one of the few places in Southern California that has no swimming pool. Of course we are a mile from the mail boulevard, and instead of catering to visitors we are rather driving them away—this has thoroughly been explained to the city fathers, by word and letter, and they have complacently sat down and ignored our application.

Another thing I want you to realize is that last April a boy was nearly drowned in the spillway in front of the dam—these boys want to go swimming, and you know how your children appeal to you to take them to Pasadena, Monrovia—and that costs time and money. If the city trustees restore the pool, or this election carries, your swimming pool in the canyon will be an asset rather than a liability again, because the pool can be leased to competent people, and the rent say of about \$600 a year, will more than pay the charges on the \$7,600 bonds.

So we ask you in fairness and justice to vote at this election for these bonds, because we have all ways had a pool, we need one—it is a help to the town and you know where your children are. The writer personally cares not for a pool, she has nothing to sell.

J. P. Nash.

STREET WORK

The warning of our street superintendent not to abuse our privileges should be observed by everyone.

The department's kindness in collecting trimmings, etc., from the driveways is a very great convenience to property owners, and must surely be appreciated by all. To dispose of the leaves and litter from the shade trees, and front yards, is always a problem, and the department's action in taking them away free of charge is very helpful.

Let us give them all the help we can, and no hindrance.

Society and Personal

Mr. and Mrs. W. E. Pratt have returned from an extended auto trip during which they covered nine states and visited many points of interest including the Grand Canyon, Painted Desert, Petrified Forest, Garden of the Gods, and Cave of the Winds. In Kansas they visited with Mr. Pratt's relatives, it being his first visit to his old home in sixteen years. Mr. Pratt's parents accompanied them on the trip.

Old friends will be saddened to learn of the passing of Mrs. Lydia Anderson at her home on Olive Street, Long Beach, death occurring June 14. Mrs. Anderson and her daughter, Marguerite, resided in Sierra Madre for a period of ten years and owned extensive properties on North Hermosa Avenue. Mrs. Anderson's death was due to heart failure following a severe cold. She was laid to rest at the Angelus Abbey Mausoleum on Saturday, June 16th. The deceased is survived by her daughter, Mrs. Henry Pike, and two grandsons, of Holtville, Calif. Mrs. Pike was with her mother at the time of her death and will remain at the family residence in Long Beach during the summer.

Mrs. Lila Kendall and Miss Ruth Taylor, teachers in the Sierra Madre schools, are enroute to New York via the Panama Canal. They will attend summer sessions at Columbia University. Transportation arrangements were made thru the agency of W. R. Humphries.

Mr. and Mrs. Waverly E. Pratt were welcomed home from their eastern trip with a dinner party given by Mr. and Mrs. Gordon Brooks. Mr. and Mrs. Boyd Kiehl also were guests at the dinner.

Mr. and Mrs. Elmer A. Green and family are enjoying an outing at Giant Forest, Sequoia National Park, after spending the past year at Claremont, where Mr. Green was manager of the Claremont Inn. Mr. Green has resigned that position and the Greens have returned to their home at 169 North Baldwin Avenue. Their son Hammond will register at U.C.L.A. for the summer session.

Mr. and Mrs. F. H. Hartman are in San Diego this week attending the annual convention of the California State Pharmaceutical Association. Convention sessions were held at the Grant

Hotel, and one of the entertainment features was a visit to the new hotel resort at 'Agua Caliente, Mexico.

Mrs. Norman Roulette of San Diego left the first part of the week for Vancouver, B. C., having stopped here for a brief visit with Mrs. Lela Roulette.

Mr. Kellogg wants very much to outlaw war. He ought to tell that to the marines.—Virginian-Pilot.

Hemet is soon to have a new \$125,000 hotel building. A Ventura hotel man is putting up \$20,000 and residents of the Hemet valley are within \$8000 of the required \$105,000 to insure the success of the building plan.

Night baseball made its debut at Brookside Park last Monday night and regular games are scheduled for the S. C. Night Ball League.

The matter of Sunday and holiday traffic toward the beach and other popular centers has proved the deciding factor this year in impelling many of the small communities in the San Gabriel Valley to hold their own 4th of July celebrations. Practically every municipality has arranged for the entertainment of the "stay-at-homes."

Hot Weather Needs

THE FEATHERHEADS

By Osborne

Preventive Tuberculosis Work in the High School

The high school is one of the most important fields in the control of tuberculosis. Unsuspected infection detected during the high school days when remedial measures still can be taken will prevent future years of illness and inability to work which inevitably follow tuberculosis in the adult.

Tuberculosis is an insidious disease, especially in youth. Tell-tale symptoms are often lacking at first and are revealed only through X-ray. A thorough yearly examination during the high school years will pay big dividends to the young people and their families in health and money. The tuberculosis pupil would not only be identified but could be protected against further progress of the disease; parents and teachers could take immediate remedial measures which are almost always successful if the infection is discovered early.

Until a 100 per cent examination program is possible for all high school students at least all seniors and students applying for working papers should be given a thorough physical examination. It is these students who go out into college or the world of business where stress and strain are still greater.

The students themselves need to know how to protect their health. They need to be taught to replace the fear of tuberculosis with preventive measures. The high school student is mature enough to learn the why of healthful living and the logic of disease prevention in the same manner as he solves problems of chemistry. The subject of health should be presented to the high school student on the same level as his other sciences.

The evaluation of high school programs in terms of health and good social adjustment will make possible the complete yearly rating of every student's health and help to reduce the high mortality from tuberculosis during the high school years.

PRIVATE SUMMER SCHOOL

High School Graduate:—Do you want to enter college in September? Should you need to make up recommended grades for college entrance this fall, the Coaching School can help you.

The school is open all summer. Our experience and superior teachers enable us to accomplish remarkable results. In a session of six to ten weeks, a high school graduate may review from four to eight units of work in preparation for entrance examinations in September. Here you need to study only those subjects, or even parts of subjects, in which your preparation is deficient, without wasting any time on work you have already mastered. For further information write or call on work you have already mastered.

NOTICE OF FILING ASSESSMENT FOR THE IMPROVEMENT OF AUBURN AVENUE AND OTHER STREETS AS CONTEMPLATED BY RESOLUTION OF INTENTION NO. 349 AND OF THE TIME AND PLACE OF HEARING AS TO SAID WORK AND ASSESSMENT.

Pursuant to statute, notice is hereby given that the Superintendent of Streets of the City of Sierra Madre, having made an assessment to cover the costs and expenses of the improvement of portions of Auburn Avenue and other streets in said City, as contemplated by Resolution of Intention No. 349, adopted by the Board of Trustees also known as the City Council of said City on the 22nd day of November, 1927, filed the same in my office on the 21st day of June, 1928.

I hereby fix Tuesday, the 10th day of July, 1928, at the hour of seven-thirty o'clock P. M., and the Council Chamber of the Board of Trustees, also known as the City Council in the City of Sierra Madre, as the place, when and where all persons interested in the work done or in the said assessment will be heard by the said Board of Trustees, also known as the City Council. Property owners, the contractor or his assigns, and all other persons interested in said work or said assessment, feeling aggrieved by any act or determination of the Superintendent of Streets or the City Engineer in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or who claim that any portion of the work was for any reason omitted or illegally included in the contract for the same, or having or making any objection to the correctness of the assessment, or diagram, or other act, determination or proceeding of the Superintendent of Streets or City Engineer, shall, prior to the day set for the hearing on the assessment, appeal to the said Board of Trustees, also known as the City Council by briefly stating in writing the grounds of appeal. For a description of said work reference is hereby made to the above mentioned Resolution of Intention.

Dated this 21st day of June, 1928.
L. DIETZ, City Clerk.
By Marie MacArthur,
38:39 Deputy City Clerk.

NOTICE OF FILING ASSESSMENT FOR THE IMPROVEMENT OF SUNNYSIDE AVENUE AND OTHER STREETS AS CONTEMPLATED BY RESOLUTION OF INTENTION NO. 343 AND OF THE TIME AND PLACE OF HEARING AS TO SAID WORK AND ASSESSMENT.

Pursuant to statute, notice is hereby given that the Superintendent of Streets of the City of Sierra Madre, having made an assessment to cover the costs and expenses of the improvement of portions of Sunnyside Avenue and other streets in said City, as contemplated by Resolution of Intention No. 343, adopted by the Board of Trustees also known as the City Council of said City on the 15th day of September, 1927, filed the same in my office on the 21st day of June, 1928.

I hereby fix Tuesday, the 10th day of July, 1928, at the hour of seven-thirty o'clock P. M., and the Council Chamber of the Board of Trustees, also known as the City Council in the City of Sierra Madre, as the place, when and where all persons interested in the work done or in the said assessment will be heard by the said Board of Trustees, also known as the City Council. Property owners, the contractor or his assigns, and all other persons interested in said work or said assessment, feeling aggrieved by any act or determination of the Superintendent of Streets or the City Engineer in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or who claim that any portion of the work was for any reason omitted or illegally included in the contract for the same, or having or making any objection to the correctness of the assessment, or diagram, or other act, determination or proceeding of the Superintendent of Streets or City Engineer, shall, prior to the day set for the hearing on the assessment, appeal to the said Board of Trustees, also known as the City Council by briefly stating in writing the grounds of appeal. For a description of said work reference is hereby made to the above mentioned Resolution of Intention.

Dated this 21st day of June, 1928.

Celebration Plans Near Completion

(Continued from Page One)

tion and fire fighting work will be demonstrated. The proper way to phone an alarm and other information of a constructive nature will be given by a member of the fire department prior to the drill.

The Electrola, a new type of phonograph, provided with an amplifier of 104-power, is the type of instrument furnished by the Pasadena store, and will be used for the closing feature of the day—the big free dance, which is to be staged on the tennis courts, following the lead of the Pasadena organization that has so successfully held dances on the tennis courts at Tournament Park.

Miss Mattie Seely will have a splendid assortment of late dance records for the big phonograph, the Pasadena store permitting the committee to make its own selections.

Frank Spencer will be in charge of the big dance, and what Frank don't know about dancing is entirely superfluous, anyhow. He knows just the right sort of slickery stuff to put on the asphalt, just how many dances to the hour and how many dances a fellow should have with the same girl.

The electric lighting will be in the hands of the Edison Company and the Sierra Madre Electric Company, and the courts will be plentifully lighted for everything but the moonlight waltz, which is one of the features promised by Mr. Spencer.

The Southern California Edison Company, through District Manager Schwartz of Monrovia, has offered to assist in every way and C. B. Scott, local manager of the Southern Counties Gas, is working and using the resources of his company to promote the comfort of all who attend.

Chief E. H. Keegan and J. E. Carpenter will have charge of the grounds. Their co-operation at the concerts last year proved invaluable and they have expressed a desire to do everything in their power, not only for the big celebration, but during the concert series.

Jim Farman of the Sierra Madre Electric Co. is donating man power and lighting equipment to be used in lighting the park and tennis courts.

The Ladies Auxiliary of the American Legion will serve coffee to all and will also assist in promoting comfort to all who attend.

Arrangements are being made to have a supply of ice cream, popcorn, peanuts, hot tamales, and other necessary paraphernalia for successful celebrations on the grounds, and those who do not care to prepare their own lunches for the picnic spread, can easily find enough to satisfy their appetites at the various booths.

The committee soliciting funds for the occasion were unable to make the rounds before publication day, and consequently the names of the donors will be published next week, together with due credit to everyone working to make the "party" a success.

The Senior Girl Reserves of Sierra Madre will undertake the management of the ice cream and soda-water concession and the proceeds from the sale of refreshments will go into the general fund of the organization.

The final meeting of the entertainment committee, committee chairmen, helpers and, in fact, everyone interested in making the celebration a success, will be held Monday night at 8 o'clock in the chamber of commerce office in the patio of the hotel building. Please help the committee members in assuming the responsibilities of the big event. It is a community project, and designed solely for the promotion of good-will and to provide wholesome, safe and sane entertainment.

Mrs. Jessica Wright, postmaster, and Miss Linda Schwartz returned home on Wednesday after spending a delightful month at Elko, Nevada. Mrs. Wright's son, William B. Wright, is in charge of a large cattle ranch there, where the opportunities for outdoor enjoyment are unlimited.

Galley Making Active Campaign For Legislature

Walter A. Galley of Alhambra, well known insurance agent and Rotarian, was in Sierra Madre Wednesday in the interest of his candidacy for assemblyman from the 69th district. Mr. Galley is a native of Los Angeles but has resided in Alhambra for 25 years and received his education there. He was active in the campaign of Fred Beatty for supervisor two years ago. In the coming campaign he promises to make a vigorous campaign on definite issues which he will place before the voters as the August primaries approach.

New Regime Of Officers Is Installed

Mrs. Fletcher White Retires After Two Years of Service

Installation of new officers occupied the final meeting of the Woman's Club Wednesday afternoon. The ceremonies were impressive and charming in the splendid spirit which pervaded the club house. There were bouquets, floral and oral, for the outgoing officers, especially for the splendid work of Mrs. Fletcher H. White during her two years as president. And there was every evidence of good will and cooperation in store for the new regime.

The officers installed by the retiring president were as follows: Miss Harriet Grant, president; Mrs. Walter Poehler, 1st vice president; Mrs. Carol King, 2nd vice president; Mrs. Nestor A. Young, Jr., recording secretary; Miss Clara Sykes, corresponding secretary; Mrs. Wm. Lees, treasurer; Mrs. Harvey Steinberger, auditor; board members, Mrs. W. R. Humphries, Mrs. F. L. C. Roess, Mrs. Franklin Swift and Mrs. W. E. Walker, Mrs. Homer Glidden, Mrs. J. N. Hawks and Mrs. E. H. Porter.

Miss Grant announced the following committee chairmen: Membership, Mrs. W. S. Hull; courtesy, Mrs. George Lehner; birthday, Mrs. Frank Hart; schools, Mrs. H. E. Allen; house, Mrs. Amy Leggett; decorating, Mr. and Mrs. P. P. Conard; special courtesy, Mrs. G. F. Ferris; current events, Mrs. W. J. Lawless; drama, Mrs. J. Milton Steinberger; music, Mrs. George Morgridge; books, Mrs. John Osgood; garden section, Mrs. A. R. Hinton; history and landmarks, Mrs. Halsey; press, Mrs. J. H. Robertson.

A handsome chair for use of the presiding officer was exhibited on the stage as the gift of Mrs. Frank J. Hart.

Many topics of interest occupied the current affairs section of which Mrs. W. J. Lawless is chairman and which convened at 12:30. The discussions were so spirited that they continued until time for the regular club session.

Councilmen Belohlavek, City Engineer Gierlich and Water Superintendent J. E. Carpenter were present to explain the various bond proposals submitted for vote at the special election on July 24. Mr. Belohlavek urged the approval of the water bond issue of \$130,000. Engineer Gierlich presented a report showing in detail what the various bond issues were calculated to prove. Mr. Carpenter urged adoption of the water bond issue as a measure of economy.

Many of the old pipe lines are so weak that large expense is involved annually in repairs of pipes burst by ordinary pressure. Mrs. J. P. Nash presented a written statement urging approval of the canyon pool bond issue. Mrs. John H. Osgood took exception to some of the arguments advanced by Mrs. Nash and a general discussion involved a large number of those present. Mrs. Joseph Stimpfing, president of the Parent-Teacher Association, also spoke of the necessity of a swimming pool for Sierra Madre children.

J. W. Tyree of 140 South Hermosa has opened a bicycle shop in Compton. He will continue his shop in Sierra Madre also.

Full Quotas Of Garments To Red Cross

Shipment Made This Week to San Francisco by Local Chapter

Sierra Madre chapter of the American Red Cross today sends its 1928 quota of garments to the Red Cross headquarters in San Francisco. An interesting exhibit of work done, not only by the chapter proper, but also that of the local junior chapter was held at the Woman's Club House Wednesday. The extent of this work is not generally known and many expressions of surprise were heard among those present.

On exhibition were twelve baby dresses, twelve rompers and sixteen boys suits, all attractively made of pretty materials, with special appeal to the delight and pride of the youngsters who are to wear them. Added to this were seven sweaters of wool. Calling forth special comment were the writing pads, each containing note paper and envelopes with blotter to match the attractive decorating on the heavy backs, thirty-six in number, designed and made by Sierra Madre school children.

It is to be regretted that everyone could not have seen them. What delight they will bring to the many sick and disabled soldiers in isolated places not so conveniently reached as our local groups at Sawtelle and San Fernando.

The chairman of the production committee, Mrs. J. Milton Steinberger, wishes to especially acknowledge the help of the Woman's Society of the Congregational Church, headed by Mrs. Hortense Hill, who did most of the cutting and much of the sewing, and the fine co-operation of Mrs. E. E. Bacon, president of the society; the Altar Society of St. Rita's Church, under the direction of Mrs. Wm. Richard, whose work was so attractively done; to the St. Catherine Junior Guild of the Church of the Ascension, who not only did a large share but at the suggestion of Mrs. Stella Dennison, held a special meeting Tuesday night to complete the many little odds and ends always necessary at the last moment. This help was so appreciated.

The knitting of the sweaters surely deserves special mention. Mrs. Jas. Hawks furnished three. Mrs. W. W. Murphy one, Mrs. W. S. Andrews one, Mrs. Florence Vannier one and Mrs. R. M. Finlayson one. Mrs. J. Milton Steinberger and her committee wish to express their sincere gratitude to all who assisted so wholeheartedly in this work.

The Christmas bags, fifteen in number, will be made up early in September. They will cost \$2.00 each and any one who did not have an opportunity to assist in the present work may do their part in sending any donation in money towards the expense, or donate the cost of an entire bag, in which case their names will be enclosed and acknowledgement will be sent to them direct by the recipient. Please send your offering to Mrs. R. M. Finlayson, who will act as treasurer of this committee.

Sherman Dairy Advertises Service In Sierra Madre

Henry Sherman, proprietor of Sherman's Dairy, is taking occasion this week to ask people of Sierra Madre to take advantage of the service he is rendering to patrons here. The Sherman Dairy makes two deliveries each day in Sierra Madre, leaving orders for Grade A raw milk and cream, sweet and salted butter, and the wonderful buttermilk from Watson's Dairy Products plant right at the consumer's door.

Besides making house deliveries, Sherman's milk is handled by several local dealers.

"HOT NEWS" COMES TO 'MET'

"Hot News" comes to the Metropolitan Theater on Saturday, June 23, with Bebe Daniels, the star of the Paramount thriller, as a death-defying, high-flyin' news-reel camera girl.

Bebe is at her best as the chic movie camera-girl on the rampage. Neil Hamilton and Paul Lukas are seen in support of Miss Daniels in "Hot News."

California's favorite native daughter, Ruth Roland, world-famous queen of the serials, has been engaged by the Metropolitan to appear in person for one week starting the 30th.

"Publix" fastest moving revue, "Step, and Steppers," consisting of nine knockout headline acts, and a galaxy of girls will complete the Metropolitan's triple program.

DeTemple Moving Service Station One Block West

John N. DeTemple, who has operated the Mountain View Service Station at the corner of Foothill Boulevard and Rosemead Avenue, has moved to the next corner west, a distance of about 200 feet. He has more room and more attractive quarters in the new location. The name has been changed to Mountain View Service and Supply Station.

Carrying Associated and Ethyl gasoline, Mr. DeTemple will also handle a full line of lubricants. He offers a free quart of oil with each 5-gallon gasoline purchase during the opening week, beginning July the first.

The women of St. Rita's Altar Society will give one of their regular series of card parties in St. Rita's Auditorium next Tuesday night. Bridge and 500 will be played, with the usual fine array of prizes and refreshments.

Dr. May Curbertson Laidlaw and Mrs. Elizabeth Scantlebury are enjoying an outing at Laguna Beach this week.

Mr. and Mrs. W. J. Campbell of Pasadena were guests of their daughter, Mrs. Daisy Barbour, 59 North Sunnyside, this week.

Two of the most charming parties of the season were the luncheons given on Friday and Monday by Mrs. Frank J. Hart at "Hartwood," Sierra Madre Villa. The guest of honor was Miss Marion Smithson, who is well known in Sierra Madre as a talented dancer and violinist. She had recently returned from Europe where she was a pupil of Eugene Ysaye. The two groups of guests were served delicious luncheons in the home on the mesa, enjoyed walks about the picturesque grounds and spent the afternoon at bridge.

Russel VanDuser of Bonita Avenue suffered a painful accident Wednesday afternoon in Brookside Park, Pasadena. He was attending a picnic of employees of the company by which he is employed and while playing ball injured one heel. Subsequent examination revealed fractured bones.

NOTICE

OUT-OF-TOWN PROPERTY OWNERS AND OTHERS

I have for exchange, nice little modern 6-rm. frame house in L. A., valued at \$7500, \$2500 against it—will exchange equity for vacant lots north of Central Avenue facing south. Here's a chance to move your vacant property. This property is near Culver City and in the path of progress. The lot is 80 by 120.

\$50,000 estate at Flintridge. This estate is clear and owner desires to move to Sierra Madre. Wants good orange grove with ranch house.

Going away? Train, Auto or Bus? Full particulars, free maps, time tables. "No trouble to answer questions."

REALTOR—INSUROR
At the little office opposite the Bank

Local Artists Go To Sawtelle to Entertain 'Vets'

Sierra Madre artists made a distinct "hit" last night at the government hospital at Sawtelle, when they appeared under the sponsorship of the local Legion, in an entertainment program.

The feature proved to be "The Mayor and the Manicure," played by Mrs. H. E. Allen, Miss Mary Allen, David Buchanan and Guy Rihard, and every part was given a professional interpretation. In speaking of the playlet, Donald Duncan, in charge of the entertainment at the hospital as Red Cross representative, stated that it was as skillfully done as anything that had appeared there, and the men are often entertained by professional talent from leading Los Angeles theatres.

The quartet, J. C. Heasley, Joe Eastwood, David and Jack Buchanan, sang two groups, and were roundly encored. They used the old favorite medley of well known songs, the negro spiritual, "Talk About Jerusalem Morning," and "When a Peach Way Down in Georgia Meets a Rose from Alabama."

Don Parker, well known radio favorite, favored with two groups of jazz piano numbers which had instant appeal. Mr. Parker is one of the finest interpreters of modern jazz that appears over the air lanes.

Joe Eastwood sang the ever-popular tenor solo, "On the Road to Mandalay." Mrs. Myrtle Hill played the accompaniment. Mrs. Hill is not only a splendid musician, but she had the rare artistic talent necessary in the true accompanist. Her work was tremendously enjoyed not only by the audience, but by the soloist as well.

The entertainment was given as a result of word from Frank Barbour that the men had especially enjoyed the concert given by Sierra Madre artists several months ago, and had asked for another similar program.

Several local people accompanied the party to Sawtelle.

AIKEN-BERGIEEN
The wedding of Miss Alice Aiken and Mr. Frank Bergien was celebrated at St. Rita's Church Tuesday morning. Father Leander was celebrant of the solemn high mass, assisted by the Rev. Edwin as deacon and Rev. Hyacinth as sub-deacon.

The bride wore a white georg-

ette crepe over white satin and carried a bouquet of bride's roses. The bridesmaid, Miss Leona Schmitt, wore a peach-colored gown. Mr. Hans Schunk was best man and the flower girl was little Marie Bergien, niece of the groom. The children of St. Rita's sang the high mass. The Lohengrin Wedding March was played by Miss Ninteman, and Miss Tracy sang as a solo, "Because We Do Not Walk Alone."

Following the ceremony the wedding dinner was served in St. Rita's Auditorium, where a beautifully appointed table was set for about fifty guests, with a

handsome wedding cake in the center. After dinner the bride and groom left for a honeymoon in Yosemite Valley.

The bride's former home was in Rhode Island, but she has won many friends during the few years of her residence in Sierra Madre. The groom is the son of Mrs. Mary Bergien and has been engaged in the painting business for several years. Mr. and Mrs. Bergien will be at home after July 4th at 46 Victoria Lane.

HOME for convalescent, large, cool house. Mrs. Daisy Barbour, 59 N. Sunnyside. 39.

Look at the bottom, look inside
... and listen to it!

GENERAL ELECTRIC Refrigerator

When you buy an electric refrigerator, do a bit of investigating on your own. Look under the cabinet, look carefully inside it, and, above all things, listen to it.

When you look under the cabinet do you find moving parts of machinery or no machinery at all? In the General Electric Refrigerator, you'll notice at once that all the models are up-on-legs. This means an easy job cleaning under them. And it also means that all the machinery is safely sealed away in the air-tight steel

casing which you see mounted on the top of the cabinet.

Look inside. Is there really ample food space? You will find in the General Electric Refrigerator that the chilling chamber is amazingly compact. It actually takes little more space than the trays in which your ice is frozen.

Then listen. This you must do. We want you to judge for yourself the quietness of this remarkable refrigerator. Come in today. Time payments can be arranged, if you wish.

CLAUDE CHESS RADIO STORE
